BLACK TANK TREATMENTS

PURE POWER® with BioBlastPlus™ odor control technology

A super concentrated biological enzyme/bacterial holding tank treatment providing odor control in all temperature conditions up to 130° F. Formaldehyde free, eco-friendly, non-toxic formula accepted at all campgrounds, RV parks and RV/Marine dump stations (CA Compliant). Only 2 ounces needed per 40 gallon black or grey water tank. Choose Blue for a fresh clean scent or Green for original wintergreen.

Available in liquid 4 oz, 16 oz, 32 oz, 64 oz and 128 oz bottles, or convenient powder and drop in packets.

Keep your enzymes alive with

PURE POWER® Toilet Bowl Cleaner!

BLACK TANK TREATMENTS

ODORLOS® HOLDING TANK TREATMENT

Eliminates holding tank odors by providing naturally occurring bacteria with a continuous supply of nitrates to prevent the formulation of hydrogen sulfide gas. Breaks down waste and tissue, lubricates valves, and is safe for any septic tank system, plastic or porcelain toilets, and all holding tank systems. Contains no formaldehyde and is 100% biodegradable/eco-friendly (CA Compliant). Only 1 ounce needed for every 10 gallons of tank capacity.

Available in liquid 4 oz, 40 oz, 68 oz and 168 oz bottles, or convenient powder and drop-in packets.

BUG SCREENS

Easy-to-install screens in a variety of sizes and styles ensure that your vents stay free from costly invasion by unwanted pests. Minimal airflow restriction. Heavy duty stainless steel mesh.

BUG SCREENS

Available in a huge variety of popular sizes & styles to meet all of your RV screen needs!

- Easy to install screens
- Minimal airflow restriction
- Heavy duty stainless steel mesh

A side view of a white and grey motorhome parked on a dirt lot. Three yellow callout boxes with speech bubble tails point to different parts of the RV: the top of the side door, a side vent, and the front door. Each callout box contains an image of a bug screen, showing how they are installed on the vehicle.

STAYPUT

STAYPUT RV STABILIZER

The RV stabilizer sets up in minutes with no tools required and eliminates rattle, bouncing and sway. Adjustable to fit 14" to 28" frame clearances, lightweight aluminum construction folds down for easy storage. The durable nylon strap with steel buckle has a 1,000lb ratchet strength. Free storage bag included. Use one next to the entrance door and a second one under the bumper for maximum effect. Larger units can benefit from additional stabilizers under slide outs. Not to be used as a jack.

STAYPUT JACK PADS

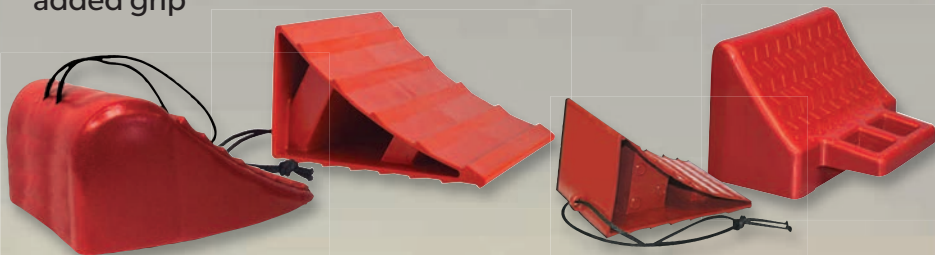

Available in small and large sizes. A stable, level surface to keep your jacks, trailer tongue and awning supports from sinking.

STAYPUT

STAYPUT WHEEL CHOCKS

Keep your trailer or RV in place, and include integrated ridges for added grip

STAYPUT TRAILER JACK

A must have for dual axle trailers! The simplest way to change a tire with no need to unhitch or unload.

STAYPUT TRAILER TONGUE JACK STAND

Provides support on firm, level surfaces up to 5,000 lbs gross trailer weight and 500 lbs tongue weight
